A GOOD REPUTATION.

"The way to gain a good reputation is to endeavor to be what you desire to appear." That is precisely the manper in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and world; but it was also the slow whooping cough. Every bottle that has taking 26 days on one voyage Honolulu was spoken. The bark ever been put out by the manufacturers has been fully up to the high standard of excellence claimed for it. Peo-Captain McDonald, formerly in command of the schooner Mahukona, now commands the barkentine Fullerton, which is coming to Honolulu with a cargo of oil in bulk for the Union Oil druggists and dealers. Central Kona FOR SALE

By order of REINNE RODANET, Trustee, I offer for sale those certain parcels of land situate at Onouli, South Kona, Island of Hawaii, described in Royal Patent (Grant) No. 1162 to P. O. and containing 739 75-100 acres, situate at Keopuka and Onouli, Island of Ha-

This is a tract of land of over 913 acres, situated in the most fertile and richest portion of the Island of Hawail. It faces the new Government road, extends to the sea, and is five minutes' walk from Kealakekua Bay, by way of the old Government road which runs

This tract is so situated that it is about midway between Kailus and Hookena, and five miles from Napoopoo, three most important ports of the Kona district. It has sufficient elevation, running up to fourteen hundred feet, to be particularly healthful, and its soil is well adapted to the growth of sugar cane, coffee, fruits, dairying, or for the promotion of diversified

farming. Occupants of this land have easy access to several ports for export, and with the advent of the Kona Railroad will find themselves in close communication with the thriving City of Hilo. This, of couse, affords a splendid opportunity for the exporting of farm products to the California markets.

With the revival of the Kona Sugar er of New York City, has sent \$100,000 to help rebuild the Campanile. The contribution has created great emotion.
